DO YOU KNOW?

- Tier 5 members cannot retire with their full pension until age 65, regardless of the number of years they have worked.
- Anyone hired after May 21, 2010, must work 32 hours a week to be enrolled in the pension — this impacts many of our ESP members. These members are in DCRP and will not qualify for post-retirement medical benefits.
- You have never missed a pension payment, but the state failed to pay their share for decades.

Under the Murphy administration, a fourth full pension payment will be made this school year.

- Now it's time to address the shortage of public school employees by fixing the unfairness in the pension tiers.
- **Will you help us?** Sign up to be a pension justice activist — see the QR code on the other side.
